2026 DC Mayoral Candidate Dr. Rhonda L. Hamilton remains on the frontlines in Washington, DC supporting the voices of opposition against President Trump and the Republican Agenda whose vile attacks continue to erode DC "Home Rule", and the rights of DC youth.

Amidst Dr. Hamilton's continued efforts to galvanize DC voters, garner donations and endorsements for her ongoing 2026 DC Mayoral Campaign, she also remains on the frontlines in DC demonstrating strong leadership and supporting the local voices of opposition regarding President Trump and the congressional Republican leadership's continued attacks to DC's local "home rule", its youth, and the rights of DC citizens.

Dr. Hamilton says that "DC citizens and supporters of our local democracy must remain vigilant and dedicated to protecting our freedoms and legal right to self govern". Hamilton further states, "DC youth are not "born to be criminals" as the President has stated, nor has there been a National Emergency on crime in DC. There is however a problem with the local leadership of DC which is why I have come forward to rescue the management of our city and to protect the rights of DC residents". "We must fight civilly to end President Trump's political satire, and unhealthy leadership demonstrations in our town, which have proven to negatively impact our local economy and instill fear amongst our vulnerable populations. The federal overreach into our local governing affairs must end".

The "DC Against Trump" coalition, with a myriad of DC grassroots organizations along with Dr. Hamilton are rallying at the Supreme Court to "Defend DC Youth", and to "Defend Home Rule". Join the efforts to "push back" against the ongoing attacks on DC.
